

## **Notice of Utility Tariff Filing**

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Talkeetna Refuse (TR) filed TA2-465, seeking to implement an initial tariff for refuse services in Talkeetna, Alaska. The proposed tariff contains descriptions, regulations, and rates applicable to refuse services by TR.

Order No. U-95-032(1), issued August 4, 1995, approved TR's application for a Certificate of Public Convenience and Necessity. AS 42.05.711(i) provides that refuse utilities with annual gross revenues of \$300,000 or less are generally exempt from economic regulation and not required to maintain a tariff on file with the commission. At the time the application was approved, TR's annual gross revenues were less than \$300,000. TR's annual gross revenues have exceeded \$300,000; therefore, it is no longer exempt from economic regulation and must maintain a tariff on file with the Commission. TR states that no rates will change nor current services terminated as of the filing of the tariff.

This notice does not contain all requested revisions and the Commission may approve a rate or classification which varies from that proposed by TR. You may obtain more information about this filing by contacting William W. Stearns, Sole Member for TR, at HC 89 Box 8560, Talkeetna, AK 99676; phone: (907) 733-2211.
